

## AT THE 'VILLE.

## A Heart Party.

A very delightful social event was the party given Friday evening by Mr. and Mrs. Elisha Bigelow, the game of hearts furnishing the motive of the gathering. Chinese lanterns made the entrance brilliant, while indoors the house was beautifully decorated with ferns, evergreen and flowers. The stair rail was a mass of ferns, with dark red hollyhocks intertwined. The mantel was banked with ferns and the hollyhocks were introduced here also. About 50 were present and enjoyed a thoroughly good time. The idea of "hearts" was carried out in every way. In choosing partners the gentlemen were given paper arrows and the ladies hearts, inscribed with the names of famous pairs of lovers. The game was played progressively, and heart-shaped score cards were used. Refreshments were served. At the close of the game it was announced that Mrs. Ford was the winner of the first prize, a heart-shaped box of Lowmyer's chocolates, she having but five hearts to her credit, while G. M. Campbell came next, with six hearts, and received a bouquet of sweet peas. The guests departed, feeling very grateful to Mr. and Mrs. Bigelow for their delightful entertainment.

## Polly Piper Party.

Mrs. Clarence Dodge invited about 30 ladies to her home last week Thursday afternoon, to meet her sister-in-law, Mrs. Sallie Palmer, who is visiting her, and enjoy a "Polly Piper party." Many of the guests were ignorant of what this might be, but soon discovered from a pile of clay pipes, colored papers and working materials that they were to dress the pipes up as dolls, as prettily as possible. While the judges were deciding on the respective merits of the dolls, the workers were glad to adjourn to the piazzas and discuss ice cream, fancy wafers, punch and confectionery. The first prize, a wrist bag, was awarded to Mrs. John Abner, whose doll, the "Widow Piper," was a dainty confection in black and white, and the second prize, a box of stationery, to Miss Annie Houghton, who dressed a "Dolly Varden" in various dainty colors. A pleasant afternoon was spent, and many of the guests, whose occupation requires much dressing of dolls, went home with new ideas.

Mamma knows what's good for her baby. She knows the value of roots and herbs as her mother did. She knows baby can drink to it's heart's content without fear of stomach or bowel trouble. Watch the smile on baby's face as Williams' Root Beer touches the "tummy spots" and see satisfaction without a penalty. Every home should keep it on hand and always a few bottles in a cool place. It's the best way to keep the big and little bodies cool and happy.

Two cents a quart does it and it can be made at home by simply buying the extract of your grocer. Be sure to take no other kind.

## SHEPHERD.

## Death of Mrs. Keene.

The Cedar Falls (Iowa) Gazette of July 28, contains the following account of the death of Mrs. T. B. Keene, a former resident of this town. "It was with a shock that the entire community learned Sunday evening that Mrs. T. B. Keene had passed away at the hospital. Mrs. Keene was down town Saturday evening and enjoyed a carriage drive with some friends who offered to take her to her home, corner of Clay and Thirteenth streets. Soon after reaching there she complained of a severe pain that came so suddenly and seemed so unyielding that medical aid was summoned. The physician was with her most of the night and in the morning he called for medical counsel. An operation was deemed necessary and that, too, right promptly. She was taken to the hospital and the trouble was found to be an internal hemorrhage. She died early in the evening.

Dr. and Mrs. T. B. Keene with their family moved to Cedar Falls in May, 1902, and have many friends in the city.

The doctor has an office in the post office block where he practices dentistry. The deceased was an earnest and active member of the First Methodist church and has made an impression on the circle of acquaintances here that will not be soon forgotten. In Montezuma where she and her husband had lived for 20 years she was best known and tenderly beloved. Ella M. Chesley was born July 7, 1862, in Sheffield, Vt. Her father died while she was quite young and when she was fifteen years old she moved with her mother to Keeneville, N. H., where March 28, 1883, she was married to Dr. T. B. Keene. The happy couple moved to Montezuma, Iowa, where they resided until coming to Cedar Falls. Besides her husband three children survive her: Misses Vida and Irma, and the youngest Master Theron, who is fourteen years old. The deceased also leaves one brother, Judge Theron H. Chesley of Keeneville, Ill., and two half brothers: Albert M. Chesley of Keeneville, and Milan A. Chesley, editor of a paper in Chetopa, Kansas."

## Fertilizing Salt.

The Vermont Experiment Station at Burlington weighed ten clusters of grass from two plots of land lying side by side. From the unsalted plot the ten plants weighed 14 grams, while from the plot which had received 3,000 pounds of salt per acre, they weighed 26 grams or nearly twice as much.

Speaking of its effectiveness in killing Hawk Weed, or Paint Brush, the experiment station bulletin says: "Most of the weed was killed by the application of 2,000 pounds per acre. Every plant of it was killed by the application of 3,000 pounds per acre and the weight of the grass was nearly doubled."

## May End Happily.

Of the recent double elopement here Mrs. L. E. Strong, of Northampton, mother of one of the young men, says that the reports of the affair were exaggerated, although admitting that there had been an elopement and that the parents were displeased. She says that the young men are still at West Burke, and the dramatic entertainment will be given there this week. She plans to go up to witness the performance, and to lend any possible assistance in bringing about a satisfactory denouement of the matrimonial episode. According to Mrs. Strong, her son visited the Silsby home July 26 and talked the matter over calmly with Mr. and Mrs. Silsby. Their anger and grief had abated somewhat, and under the persuasion of young Strong and his bride her parents consented to investigate his history and character and to remove all opposition if they found his character satisfactory. Mrs. Strong adds that her son has nothing to fear from the most searching investigation, as he has a clean record and excellent character. She is confident that the affair will have a happy ending.

PAIN IN THE BACK.

A Sure Sign of Kidney Trouble. Dr. Kennedy's Favorite Remedy will cure you.

Pain in the back is a never failing sign of kidney disease; another sure sign is the condition of the urine; if you have a pain in the back then look to the condition of your urine. Take a glass tumbler and fill it with urine; after it has stood 24 hours, if it has a sediment, if it is milky or cloudy, pale or discolored, stringy orropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal.

F. C. Wilcox of 559 New Britain ave., Hartford, Conn., says:

"I had a frightful pain in my back, the result of kidney trouble. My physician seemed powerless to relieve me. I determined to try Dr. David Kennedy's Favorite Remedy; it helped me wonderfully, and in a short time cured me completely."

Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation. It is wonderful how it makes that pain in the back disappear, how it relieves the desire to urinate often, especially at night, and drives away that scalding pain in passing water and makes you well and strong.

It is for sale by all druggists in the Now 50 Cent Size and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle—enough for trial, free by mail.
